## PALM SPRINGS POOL PARTIES, SINATRA STYLE

06.12.2019 / Marissa Stempien / West Coast

Remember when summer meant no school, pool parties, days at the beach, and hanging out with friends? Well it's time to reclaim your summer break! Grab a few gal pals — or a whole group of friends — and head to Palm Springs this summer.

A playground for Hollywood's elite as far back as the 1940's, this retro city has become a party hub and weekend destination for all of SoCal... and it's not just all about Coachella!

These are Palm Springs must-dos to let loose and reclaim the fun summers of your childhood — pool floats included.

### ***Korakia Pensione*** —

Tap into some serious vacay vibes at Korakia Pensione, a tiny boutique hotel that feels like you've flown halfway across the world. You won't find pool parties or a semi-famous DJ spinning here, but you *will* find hidden gardens, Moroccan fountains, and antique doors that feel like they're centuries old. Dine beneath the olive trees and swim in the Mediterranean-style pools and you'll be reminded what summer is *really* all about.
